TWO DOLLARS PER TON AT MINE

Fuel Dictator Has Not Yet Been Named by the Chief Executive

(International News Service.) Washington, Aug. 22.—Anthracite coal dealers may be on watch for action similar to that taken in the bituminous situation, the White House intimates today. The president is ready to set anthracite coal prices just as he set the price of soft coal, and may have a coal dictator to take charge of both situations.

33 SENATORS FOR A BIGGER TAX ON HUGE WAR PROFITS

COUNT OF NOSES INDICATES THAT EXTORTIONERS WILL BE LOOSESED FROM GAINS.

(International News Service.) Washington, Aug. 22.—The opposition to the \$2,000,000,000 revenue bill began counting noses today and the tally reached 33. Many other senators were put down in the doubtful column, so that the opposition leaders felt justified in claiming sufficient strength to force the adoption of amendments boosting war profits rates to an average of about 50 per cent. Senator Chamberlain of Oregon, gave his endorsement today to the plan of conscripting wealth in equal measure. Senators predicted another two weeks of fighting over the bill.

Decatur Will Have Night Postal Service Beginning at Once

The Decatur postoffice, due to the activity of Postmaster W. E. Crawford, has secured an extra man as night clerk and from henceforward mails will be distributed and dispatched all during the night, the same as in the day time. John C. Conley, who has been a clerk on mails trains for several years, has been secured and will go on duty at 11 o'clock in the evening and remain until 7 o'clock in the morning. Postmaster Crawford considers this the greatest accommodation he has accomplished since he has been postmaster. Business men and traveling men may now mail their letters at any time of night with the assurance that they will leave on the next train, provided the matter is placed in the office 30 minutes before train time. Of course, the general delivery window is not open except as at present, but all having private boxes may get their mail at any time of night.

Sub Which Captured Captain and Crew is Reported Sunk

(International News Service.) An American Port, Aug. 22.—The German submarine which sank the American ship Campana and made prisoners of its captain and five members of its gun crew, was itself destroyed by a French patrol boat, according to a report brought here today by passengers on a vessel from a British port.

POWER COMPANY ENLARGING PLANT AT COST \$10,000

CAPACITY WILL BE INCREASED FORTY PER CENT WITH 25 PER CENT RESERVE. With E. C. Wells, an engineer from the operating department on the ground, work on the improvement and expansion of the local steam plant of the Alabama Power Company is progressing and will be completed in time to take care of the added fall business. Down at the big power house there is much activity apparent, as a crew of men is at work daily in re-arranging the interior to take care of the additional machinery that is being installed, and in preparing the foundation for the new Corliss engine that is to replace one of less acceptable pattern. When the improvement work is completed, the capacity of the plant will be increased about 40 per cent, or from 650 kilowatts per hour to something over 900 kilowatts. This will give a reserve supply of 25 per cent, which figured in connection with the overload capacity of the plant will mean about 50 per cent reserve in case of emergency. The plant is being enlarged, according to Manager Beauchamp, with a view of taking care of future business. Contracts have recently been signed to supply electric current to the new silk mill and also to the velvet bean mill that is being put in by the A. Z. Bailey Grocery Company to take care of this year's velvet bean crop. The total cost of the improvements is estimated at \$10,000, and the problem that is facing the engineers is to pull the additional load without added expense for steam. Two of the five boilers will be overhauled and rebuilt. As a protection against any possible contingency due to the threatened strike in the Alabama coal fields, the power company has bought a large reserve stock of coal. More than 2,000 tons of the fuel has been stored in the local bins, or sufficient to last until after the holidays in the event that more could not be secured.

ALL EXEMPTION CLAIMS APPEALED TO HIGHER BOARD

County Solicitor Chas. H. Eyster, who is representing the state before the county and district exemption boards, will appeal all exemption claims granted by the local board, it was stated officially today. The office force of Circuit Clerk Draper is working today on the exemption claims. The proofs of those exempted with the physical examination sheet is being arranged and will all be sent to the district board in a few days. A copy for the local office must be made before the original copy can be sent away. An exemption sheet for each man exempted is also being made out today, but it may be several days before any notifications are sent out. The exemptions of the local board will amount to nothing if not received favorably by the district board. Those whose claims were disallowed will likely be notified the latter part of the week. No second call was made today. This move will be postponed until the vast clerical work of the first men called is disposed of. Notifications will be sent out the last of the week.

German Chancellor Opposed to Peace

Rotterdam, Aug. 22.—Dr. Georg Michaelis, the German chancellor, who spoke before the Reichstag main committee, was quoted in Berlin dispatches today as saying: "The war aims of the enemy prove their desire to annihilate Germany and consequently there can be no peace at this time."

Strike May Reach Brooklyn Navy Yards

(International News Service.) New York, Aug. 22.—The strike of 15,000 marine workers in and around New York City threatened today to extend to the Brooklyn navy yards and tie up construction work on all war vessels.

BUSINESS MEN TO MEET THURSDAY AND PLAN BIGGEST FALL CELEBRATION

President W. R. Hall of the Albany Board of Commerce, today issued a call for a meeting of business men to be held at the headquarters of the Board on Thursday evening at 8 o'clock for the purpose of arranging for a big fall festival. With business conditions flourishing and with a big crop in sight, the Board of Commerce expects to take the lead in putting on a fall celebration here that will be a credit to the city. For this reason plans are to be laid early, in order that all the details may be worked out advantageously. At the meeting steps will also be taken to arrange for a big send-off for the Morgan county soldier boys who leave soon for training camp.

GERMAN PEACE ANSWER SOON

(International News Service.) Zurich, Aug. 22.—Negotiations are under way between Berlin, Vienna, Sofia and Constantinople as to the reply Germany shall make to the peace note of Pope Benedict, according to Vienna advices. It is understood that the German reply will answer for the entire German alliance and will go forward in a few days.

OFFICER DROPPED FROM FORCE TO REDUCE EXPENSE

ALBANY COUNCIL ASKS FOR THE RESIGNATION OF PATROLMAN. OTHER BUSINESS. At the regular meeting of the Albany city council last night the police committee recommended that one of the two night policemen be taken off on account of the financial condition of the city. After the question was hotly discussed as to which officer to remove, the council finally decided to ask Policeman Vest to resign to take effect Sept. 1, and to retain Mr. Grubbs. The council had a difficult task to decide between the two, as the record of both was examined and found to be good. However, the council was forced to remove one and by a slight majority Vest was taken off. The Lyle-Taylor Grain Co. informed the council that it would move its office up to Moulton street in a few days and wanted to know if it would be liable for licenses for the remainder of the year. The shelling plant will still remain in Decatur, so the council voted to honor the Decatur licenses. Mayor Payne announced that a formal contract was signed yesterday with J. W. Black for the street construction and that material was being placed on Ninth street. Mayor Payne recommended Tom Kearns as a man who possessed experience to look after the city's interest in the street construction. The council referred the whole matter to the mayor to elect and fix the salary of a superintendent.

KNIGHTS OF COLUMBUS FAVORED, IS CHARGE OF SECRET ORDERS

(International News Service.) Atlanta, Aug. 22.—A storm of protest was raised all over the state today at the action of the war department in refusing permission to all secret orders except the Catholic order of Knights of Columbus, to erect rest rooms at Camp Gordon where 40,000 men of the national army will be trained. Concerted movement by all Protestant orders is under way to have the order rescinded.

RUSS MACHINE HAS BLOWN UP AGAIN

Alarming Reports of Overthrow of Kerensky Have Reached Washington Washington, Aug. 22.—Decidedly alarming reports concerning conditions in Russia were widely circulated in Washington today. They ranged from stories that the Kerensky government was about to be overthrown, to reports that very serious rioting had broken out in many of the larger Russian cities. Secretary Lansing refused to discuss these reports. At the Russian embassy this afternoon a further element of mystery was added to the situation by the statement of embassy officials that they were without knowledge of latest developments.

FRESH VICTORIES CROWN THE ARMS OF ALLIED NATIONS

Further Successes Won in Three Sectors During Past Twenty-Four Hours

FATE OF LENS IS NOW SECURELY SEALED

Austro-Hungarian Losses on Isonzo Plateau Placed at 25,000 Men

(International News Service.) London, Aug. 22.—Germany's campaign of "air frightfulness" against England was renewed on a big scale early today, two attacks being made against the east coast, German aero-planes raiding the districts of Dover and Margate. An earlier attack was directed by airships against the Yorkshire coast line. Shortly after 10 o'clock ten German machines were sighted off the southeastern coast. It was later reported that two of the German machines had been shot down. Three persons were killed by bombs dropped from the German airplanes, the statement said.

(International News Service.) London, Aug. 22.—We have captured additional ground north and west of Lens," the war office statement said today.

(International News Service.) London, Aug. 22.—Fresh victories crowned the arms of the allies on the western and Italian front today. Although they are resisting desperately, the German and Austro-Hungarian lines in some places are bending perilously near to the breaking point.

The chief successes of the entente forces in the past 24 hours have been won in these sectors: No. 1—By the British at Lens. No. 2—By the French at Verdun. No. 3—By the Italians on the Carso plateau. On the eastern front the battles are without decisive result as yet. More than 1,200 aeroplanes have been in action over the various zones of battle on the western and Italian fronts during the past 24 hours. Enormous losses are being inflicted upon the German allies.

The number of German prisoners taken by the French in the latest phase of their drive at Verdun has been increased to more than 6,000. The total Austro-Hungarian losses in killed, wounded and prisoners along the Isonzo river and on the Carso plateau were estimated at Rome today at 25,000. While British guns pound the German lines of West Flanders, the English and Canadian infantry are battering their way closer and closer to Lens and it is a foregone conclusion that the Germans cannot hold this base position much longer. The British interest is directed, however, towards the fighting zone along the flanks of the great German salient at France. At Verdun the French have captured two more fortified villages, a fortified hill and a series of strongly fortified trenches. Every agency of destruction known to modern warfare is playing its part in the titanic struggle which is drenching all Europe with blood. Armored tanks lumber across the corpse-strewn battlefield pouring a deadly stream of lead from their machine guns. Poisoned gas shells of every variety are hurled from the guns, while overhead countless aeroplanes sweep the skies, engaged in combats between themselves and pouring bullets into the enemy beneath, while both day and night the big guns roar on every side.

(International News Service.) Paris, Aug. 22.—The repulse of counter attacks on the Verdun front was reported by the French war office today.

THE PRESIDENT FIXES THE PRICE OF COAL.

By an executive order issued by President Wilson, the entire output of the coal mines of the nation will be sold at a price that guarantees the operators only a reasonable profit. The order marks a new era in American affairs. It marks the passing of the extortioner, of the grasping, of the capitalistic parasite that would cripple industry, hamper the proper conduct of the war and postpone ultimate victory in order that swollen bank accounts of the few might benefit at the expense of the many. This is the first time since the war began that the hand of authority was interposed to protect the weak from the strong. Better days have dawned.

Since America's entry into the European struggle, the coal barons of the country, by a peculiarly significant concert of action, forced the price of coal beyond all the bounds of decency and reason. Openly, brazenly and defiantly they undertook to levy a war tax of their own upon industry and thrift. They went further and under various pretenses doled out coal in such limited quantities as to actually cripple the operation of industries producing war material, and even invaded the transportation field and threatened to impair passenger and freight service. Men who conspired to defeat the draft law were charged with treason. The coal barons were wealthy and respected citizens.

The new order of things forecasts the conscription of labor for the operation of the mines, in the event that pending strikes are not quickly settled. The public has been lenient in its judgment of the miners in the face of conditions that have existed in the past. Justice demanded that the men who toiled in the deep recesses of the earth should have at least a part of the extra lucre that was being wrung from an unprotected public. Necessity demands patriotic service from the miners in the future at a wage that is just and fair.

The allies will win. There has never been any doubt as to that. There never can be. The only thing which concerns the United States is the number of days and months that must elapse before the Kaiser is on his knees. Every ounce of strength that is in the American arm should be summoned for the sudden and sure knock-out.

The man with an income of \$500,000 per year should be eager to donate half of it to the federal government as a war tax. The concern with war profits of half a million annually is under obligations to split "fifty-fifty." The nation has outgrown the idea that only the poor can pay.

The suggestion for a big fall celebration by Albany merchants is a good one. Business men should not overlook this opportunity to attract trade from the surrounding country.

We suggest that the Anniston Star get out a Birmingham edition soon and let the world know that the Magic City is on the map.

It requires a veteran to remember as far back as the time when the German troops advanced on the western front.

This concerted action on the part of the allies sounds more like business than any previous war maneuver.

And the coal men thought they had the prices already "fixed."

If you used a clerk, salesman, stenographer or any kind of help, the

Adopt New Rules on Future Trading

(By Private Wire to J. L. Julian.)

At a meeting of the board of directors of New Orleans cotton exchange held yesterday the following was adopted to take effect on and after Aug. 27, 1917:

"Rule 1. To avoid abnormal fluctuations of price caused by conditions created by the European war, trades for future delivery in any month shall, during any one day, not be made at prices varying more than three cents per pound above or below the closing bid price of such month of the preceding business session of the exchange. Nor shall trades in any month be made in any one day at an advance of more than three cents per pound above the lowest previous price of such month on that date or at a decline of more than three cents per pound below the highest previous price of such month on that date. For the purpose of this rule the closing bid prices shall be not less than the minimum price prescribed herein. This rule shall be in effect during the period of the war and for such period after the declaration of peace as the board of directors may hereafter determine.

To Compel Dutch Ships to Float

(International News Service.)

A TALK WITH A DECATUR MAN

Crawford Carter of 120 E. Pond St. Tells of an Interesting Experience.

There is nothing like a talk with well-known people for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Decatur man:

"I had a dull, steady ache in the small of my back and the kidney secretions were unnatural," says Mr. Carter. "I had headaches and dizzy spells and could see small, black specks in front of me. After sitting an hour or so, my back got so sore and stiff I could hardly get up again. Doan's Kidney Pills, procured at Long's drug store, strengthened my back and regulated my kidneys."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carter had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

"THE FEAST OF LIFE," AT DELITE AND STAR THURSDAY.

One of the biggest feature motion pictures of the year will be shown on the screen at the Delite and Star theatres Thursday, when the World Film production, "The Feast of Life," with Clara Kimball Young, Paul Capellani and Doris Kenyon will be the feature of the day's bill. Aurora Fernandez, a poor but beautiful Cuban girl, is persuaded against her will to become betrothed to Don Armand, a wealthy Cuban. She loves Pedro, a young fisherman who lives with his uncle, Father Ventura, and his sister, Celida, who has been secretly stealing to Don Armand's villa, but is cast off by him on his engagement to Aurora.

Longing for a sight of Pedro, Aurora, disguised as a dancing girl, goes to an inn, where Pedro comes with other fishermen for a night's revelry. He does not recognize her as "his lady of the lily," as he calls her, but falls a victim to the charms of the dancing girl. Celida, dying of a broken heart, confesses to Pedro and Father Ventura; and Pedro, to avenge Celida, summons all the fishermen in the village to lead them against Armand, in whose villa the wedding feast is being held. The guests fly in terror and Armand is wounded. Aurora alone remains undaunted, and Pedro, finding her, recognizes not only his love of the tavern, but Aurora, but also his "lady of the lily," now Armand's wife. Notwithstanding her pleadings not to kill her husband, Pedro is about to strike when he sees that Don Armand is blind. The awakens his pity and he leaves the house.

Don Armand has an operation performed on his eyes which proves successful, but the physicians warn him that any shock may result in blindness for life. Aurora, in the meantime, has been carrying on clandestine meetings with Pedro, and Armand, hoping to find out who Aurora's love is, tells her that the operation has been a failure. He intercepts a note from Pedro and locking Aurora in her room, stabs Pedro. He then returns to Aurora and she discovers that he has tricked her. He tells her what he has done, but the shock kills him. Aurora escapes and finds Pedro still alive. She takes him home, where she watches over him, and the crisis over, the lovers are reunited.

Miss Suzann Carter Knows Why She Spells Her Name With 12 Letters

Is a Bit Superstitious in Regard to "Thirteen," a Firm Believer in "Luck"

S-U-Z-A-N-N-C-A-R-T-E-R—spell it and then count the letters. There are just twelve of them, and the reason that there is not a final "e" is that the owner of the name is a trifle superstitious in regard to things connected with the fateful "thirteen."

"Yes, I'll have to admit that the reason I spell 'Suzann' as I do is because I am a bit superstitious," said Miss Carter, who is the sole owner as well as interlocutor of the attraction at the Masonic this week.

And then Miss Carter related some incidents in her life that had caused her to be distrustful of a number that has brought good luck to the president of the United States. "For one thing," she said, "my mother was born on the thirteenth of the month and died on the thirteenth."

"A pet superstition of the stage, though," Miss Carter continued, "is

that if a new girl whistles in the dressing room some one will leave the company—either get fired or resign. For that reason, if an unlucky "cub actor" puckers up a dainty mouth and tackles some late air every person present gets busy to help kick her out of the room. 'Billy,' my latest protegee, is a frequent offender. 'She hasn't developed her memory yet.'

Miss Carter believes good and strong in luck. "I have been unusually successful this year," she said, "and I know it's because I have some lucky person with my company."

For the past ten years the versatile interlocutor has been a business woman and in addition to other, possessions has a big touring car in which she makes the week-end jumps. Prior to that she was in vaudeville. She is a native of Cairo, Ill., and the daughter of a newspaper man.

ALBANY STREETS BEING BETTERED

ALDERMAN WOLFE KEEPS THE STREET FORCE BUSY ALL THE TIME.

Under the efficient management of Mayor E. C. Payne and Alderman Wolfe, who has charge of the street work, great improvements are being made on the streets of Albany. At present the street gang is busy in East Albany filling up holes, opening up alleys and raising sidewalks. The eastern end of Grant street and Prospect Drive have been improved very much in the last few weeks.

As soon as one job is completed, Alderman Wolfe jumps right on the next job. The city already has excellent streets and sidewalks, but when the resurfacing work of Sherman, Jackson, Johnston and Ninth streets is completed by the contractor and the street gang remedies a few more defects, Albany will have as perfect a street system as can be found anywhere.

Albany Business Women at Board of Commerce

A meeting of the business women was held last night at the Albany Board of Commerce office, the meeting being called to order by Mrs. R. E. Sanders, who will act as chairman until a president is elected; it being decided to postpone election of the same until some future date.

A letter from Mr. Gentry, secretary of the civil service board of Albany, was read, endorsing the new organization, and asking that the coming civil service examination for stenographers be put before the women wishing to take the same, to be held in Albany on Sept. 7th. The following committee was appointed to be conferred with by those wishing information regarding the examination: Mrs. G. B. Sewell, chairman; Misses Pearl Bracken and Dora Wade.

The following officers were elected by ballot: Recording secretary, Mrs. G. B. Sewell; corresponding secretary, Mrs. Morris; treasurer, Miss Pearl Bracken.

New members added were as follows: Misses Naomi McRae, Elizabeth Strothers, Lillian Kirkland, Lois Howze, Sheila Sawyers, Hollister.

The next meeting will be held on Monday evening, Aug. 27, at the same place, and all members and prospective members are urged to come.

SOCIETY

Margaret Clinton Shelton, Phone 682, Albany

MID-MONTHLY MEETING OF THE MISSIONARY SOCIETY OF CENTRAL BAPTIST CHURCH.

Mrs. Alva Frazier was hostess to the mid-monthly meeting of the Woman's Missionary Society of the Central Baptist church. Her beautiful new home on Ninth avenue, south, was opened throughout and decorated with vari-colored garden flowers for the reception of the society. A strong program was enjoyed with Mrs. W. A. Curry as leader. The subject was "Duties to the Orphanage." Kate Frazier, daughter of the hostess, gave an interesting reading. Mrs. Frank G. Cook and Miss Gibson rendered a delightful vocal duet, and Mrs. Blalock, of Georgia, the guest of Mrs. Seneca Burr, gave an address that was thoroughly enjoyed. During the social hour that followed the program the dining room was opened and from a prettily appointed table Miss Weaver and Miss Gibson served punch.

Decatur Red Cross Recital a Success

Despite the heat the people of Decatur showed their patriotism by attending the Red Cross recital given Monday evening at the high school auditorium. Miss Lucile Bailey, the accomplished musician, was the accompanist of the evening. Varnell's orchestra pleased the audience by appearing on the program. Mrs. A. T. Hanson, accompanied by Mrs. A. F. Harris, sang "Sunset," by Dudley Buck. Misses Talley and Baker displayed talent in rendering Bilbro's Arab Dance. A quartette, composed of Messrs. Owen, Halbrooks, Fischer and Pickens, gave the patriotic song, "Soldier's Farewell," by Johanna Kerkenel. Miss Auline Barnes is to be congratulated upon exceptional musical ability. Two of Decatur's song birds, Misses Carolyn Cartwright and Katherine Reece, gave vocal numbers which met with applause. Mr. Owen, always ready and willing to help on every occasion, sang "Just Wearyin' For You." Miss Christine Woodward, the reader of the evening, was very clever in negro and Irish dialect, and when she appeared in gypsy costume and gave "Zingarella," a musical recitation, she gave a most finished characterization. It is to be hoped the entertainment may be repeated.

Written By FRANCES MARION Directed By ALBERT CAPELLANI ROMANCE is the popular pastime of the natives in the Latin quarters of the world. This immense five part production is seething with romance as it is lived in the Latin lands. Overflowing with real life—picturesque to the extreme, produced in Havana and Santiago, Cuba; in an atmosphere supreme and exquisite. CLARA KIMBALL YOUNG as Aurora Fernandez, the Lady of the Lily, makes "Camille" and "Carmen" insignificant plays in comparison to "The Feast of Life"

Be Correctly Tailored

One of the most important essentials about dress is the correctness of the cut of your clothes. When that detail has been neglected or overlooked, shabbiness is always the result. Careful consideration is given to the smallest details in every suit made in this shop. The purchaser is always given a try-on before the suit is finished, thus assuring him of a perfect fit when the suit is complete. No delays in shipping or returning to the factory for alterations. Our suits are made right here in Decatur, where you even see every stitch that goes into it if you desire.

One of the finest assortments of Fall and Winter Woolens to select from at prices that will fit your purse as well as the suit fits you.

Teachers Prefer to Fight the Kaiser to Weilding Rod

Morgan county is facing a teachers' famine. The supply of teachers has been so depleted by war and other conditions that there is a likelihood that many neighborhoods will be left without schools.

Superintendent J. C. Tidwell announced today that he had thirty or forty good openings for which he was unable to secure teachers. At the recent institute at Hartselle only 63 teachers enrolled, but there are places in the county for 125 teachers. So the county will require the services of 62 instructors outside of the county.

Principal J. M. Crowell of the Lawrence county high school, had a telegram yesterday from his first assistant, Elmer V. Levie, of Atlanta, stating that he had been drafted into the army. Mr. Crowell had completed his faculty after several weeks' effort and announced the opening for Monday. He was in the city yesterday trying to secure another man.

Local Youth Quit Company at Hoboken; Now in Jail Here

Willie Matthews walked into the Decatur recruiting station yesterday and asked for transportation back to Hoboken, N. J., where he was a member of Company E, Twenty-Second infantry, but instead he was placed in the city jail for leaving his company without permission.

Sergeant Ball notified authorities that he had Matthews in custody and will hold him until he is given further instructions. Matthews left the army Sept. 13, 1916. He lives near Decatur and joined at the local office in May, 1916.

A Railroad's Share in Southern Industry

Haulage Record—Freight and Passenger

NO BETTER evidence of the service rendered the people of the South by the L. & N. can be offered than the figures showing the liberal appreciation accorded L. & N. service by the people.

During the past sixteen years the L. & N. has carried 167,560,742 passengers, a number of people equal to the total population of North and South America combined. The number of passengers carried one mile in sixteen years was 6,831,186,990, about four times the population of the earth. The revenue received from five billions of those passengers had to be paid out for the operation of the trains.

The total number of tons of freight carried in sixteen years was 414,340,026, and these figures speak eloquently of the part played by L. & N. service in the South's development. The number of tons carried one mile was 70,773,607,021. The revenue received from forty-six billion tons had to be paid out for the operation of the trains.

During sixteen years the L. & N. has transported 9,800,000 bales of cotton, 207,000,000 bushels of corn, 125,302,800 bushels of wheat, 26,907,065 tons of lumber, 57,637,354 tons of ore, 20,519,355 tons of coke, 133,796,950 tons of coal and 86,309,672 tons of merchandise and manufactured articles.

Since the prosperity of the country is, and must be measured by the ability of the railroads to transport its commerce, it will readily be seen what a prominent part the L. & N. has taken in the development and prosperity of the South, especially when it is remembered that 96 per cent. of L. & N. mileage is in the South. The L. & N. may be relied upon to continue to maintain the high standard of service rendered the South, and asks the sympathy, understanding and co-operation of the people of the South.
